EDITORIALLY SPEAKING

60TH ANNIVERSARY

This year marks the 60th anniversary of the incorporation of Baie d'Urfé as a Town.

It was in 1911 that 12 residents of the area - apparently almost the entire population - decided that the immediate and long-range interests of the area and its inhabitants would be best served if it were an organized community. These gentlemen, some permanent residents, some summer, petitioned Quebec to have this particular section of the then Parish of Ste. Anne du Bout de L'Ile (from which Ste. Anne de Bellevue and Senneville had also been carved) incorporated as a Town.

It must have been just about the smallest formal Town population-wise in Canada.

They called it Baie d'Urfé. Whence the name?

While the Town's original charter said Urfée and the Town was so called for years until the charter was amended, the name honors François-Saturnin Lascaris d'Urfé, a Sulpician missionary from France, who in 1686 established a mission on what is now Caron Point. At the time the Town was created, the little bay west of the Town Hall to Caron Point had been on maps for decades as Baie d'Urfé, and the railway stop had been called Baie d'Urfé since 1902, when at the request of historically-minded residents, it was changed from Bayview.

The 12 men who brought our lovely little community into being were: James Morgan, merchant, G. Edward Gudewill, manufacturer (whose son Jim is still a resident), Hon. J. Alderic Ouimet, former judge, Alfred Brunet, ex-banker, James Birchenough, real estate agent, St. George Dillon, merchant, David A. Poe, Engineer (whose son Alex is a resident), "all of the city and district of Montreal", Edward Maxwell, architect, William E. Davis, railway manager, Pascal Deslauriers, real estate agent, Olibrius Constantineau, manufacturer, and V. de Vivian Dowker, manufacturer, "the latter five, of the parish of Ste. Anne du Bout de L'Ile."

The charter provided that the Town would have a council comprising a mayor and six councillors, who would be elected for a term of two years.

The first election was set for July 1 (!) but no election was necessary -

Our first Council went in by acclamation, with Mr. Dowker as first Mayor. The present incumbent, Clark Graham, is the 14th.

Council's first meetings were held in a picturesque little green school-house just to the west of the Town Hall. Deemed both unsafe and an eyesore, it was razed in the '60's.

In 1912, Mr. Morgan, one of the Town's 12 "founders", gave the Town his distinctively designed summer home for use as the Town Hall and it has served that role ever since.

Those were our formal beginnings.

Much the same charm and qualities which attracted people to this area 60 years ago continue to attract them today. Baie d'Urfé is a delightful area in which to live, and as we mark our 60th birthday, let us resolve to do our share to ensure that the same can be said another 60 years hence.

Thomas R. Lee.

EDITORIAL COMMENT

Because of the volume of news and our limits as to space, we have made some minor changes in policy.

Library news has been divided, with news from the Adult Section one month and news from the Children's Section the following month. The same procedure has been endorsed to apply for Guide and Scout news. We regret the fact that this may occasionally present a difficulty and we appreciate the understanding and co-operation shown us by the groups involved. In the future we may be forced to expand on this policy.

----- * -----
Briefly we would like to mention some of the recent business conducted by our Council.

Civil Protection Certificates were presented to six of our Volunteer Firemen upon their successfully completing a course on Radiation Monitoring.

The decision has been reached to make a conditional Offer to Purchase Allan's Hill, the condition being that the purchase not be turned down by the taxpayers.

A number of residents on the Eastern area of Town have drawn up a petition protesting re-zoning to permit some multiple housing in their area. This followed a request by a landowner to have his land re-zoned for this purpose. His request however, has been turned down by the Council.

The next deadline for news will be August 25th. Your support and interest in our little paper has been very much appreciated. We hope you will join us in having a happy and relaxing summer and we hope as well, that you will participate fully in some of the many recreational activities provided in our community.

Upon your reading this, the report on the study for the amalgamation of West Island municipalities has been made public. The need for fusion has long been recognized, and the question has been studied informally over the past few years. About two years ago, Baie d'Urfé, Beaconsfield, Pte. Claire, Kirkland, Dollard des Ormeaux, Roxboro and Senneville decided to undertake a formal study. The rightness of the decision was supported by the passing of Bill 75 which created the Urban Community, in which it is required that by 1975 submissions to the Department of Municipal Affairs must be made for the realignment of municipal boundaries. The report recommends the fusion into one city of all West Island municipalities, with this to take place over a couple of years. The report has been discussed with Mr. Tessier, the Minister of Municipal Affairs, who has agreed that the proposal meets the requirements of existing law. All Councils will be studying the report in depth.

Council has been studying alternate approaches to snow removal and will be making cost and service comparisons when we have the required information.

It is believed by Council that the Town must make a decision relative to the acquisition of Allan's Hill. Should the Town decide in favour of this purchase, it is Council's intention to sell certain lots. The ultimate cost should be around \$5. per year per household for the purchase of this asset. Full information on all aspects of the proposal will be provided to you when it is available.

Preparations are proceeding for the celebration of the 60th Anniversary of the incorporation of our Town during Baie d'Urfé Days. We hope that the citizens will participate in the enjoyment of the program being planned.

A.C. Graham, Mayor.

STE. ANNE'S V.O.N. WOMEN'S AUXILIARY

The monthly meeting of the Executive of the V.O.N. Women's Auxiliary was held on Tuesday morning May 14th at the home of the President, Mrs. T.R. Lee, Lakeshore Rd., Baie d'Urfe, who welcomed a good turnout of members.

Mrs. W.T.E. Jolliffe, immediate Past President, read the Minutes in the absence of the Secretary Mrs. A.H. Gerrish. Mrs. Alex Mess, Treasurer, reported on the financial status of the Au Petit Café and the Ile Perrot Shop. An amount of \$3,000. was to be sent to the V.O.N. Board, Ste. Anne's and District Branch. Mrs. A.O.C. Robertson, Chairman of the Maintenance Committee gave an up-to-date account on what work had been done. The next Executive Meeting will be held June 8th.

THE CHILD PASSENGER

Ed. Note: In view of the upcoming holiday season, we wish to pass on to you the following advice received from the Ontario Safety League.

Most parents don't realize that many car seats and child harnesses on the market today offer no protection in an accident. In fact, unanchored types which hook over, or slide under the seat back, add another ten pounds to the child if he is thrown forward in a sudden stop or collision.

To be effective, CHILD RESTRAINTS MUST BE ANCHORED TO THE FRAME OF THE CAR. The following is a description of restraints best suited to protect your child.

SAFETY SHIELD

The safety seat consists of a small chair placed on the car seat, preferably in the rear. It may or may not be padded or have an arm rest depending on style and price. An adjustable belt holds the child in the chair and the adult seat belt fits over the chair anchoring it to the car frame. The safety guard shown consists of a seat and molded shield protecting the child's body from the front. It is anchored to the frame by the adult belt. Seats and guards provide excellent protection for children from 12 months to 4 or 5 years. One disadvantage is that the child's movement is restricted and he may not want to stay in the restraint.

CHILD HARNESS

Harnesses are recommended for active children up to 5 years or 50 lbs. Of all the restraints, they allow the most freedom, letting the child sit, stand or lie down. It consists of shoulder and pelvic straps and is anchored to the car frame by a belt similar to a standard adult seat belt. When the child is big enough, about 50 lbs, he can use an adult seat belt. Put him on a hard cushion with the lap belt fastened snugly over the hips - not over the stomach where it could cause internal injuries in a collision.

INFANT CARRIER

Carriers are designed for infants up to about one year. The child is strapped into the carrier. It faces the seat back and is anchored to the car frame by the adult seat belt. A baby up to six months can also travel in a covered bassinet on the back seat. A fish net type covering should be wrapped around the bassinet so the child can't be thrown out. The bassinet is held in place by the back seat adult belt. Never hold an infant on your lap in the front seat where he could be crushed in a collision.

B.U.C.C.A. - CAMPAIGN

Our faithful BUCCA BELLES have succeeded and raised a cash total of \$ 16,015.00

plus \$ 851.00 in pledges

Grand Total \$ 16,866.00

during the May 3rd - 7th Campaign. The breakdown of donations for the participating Agencies might be of interest to Baie d'Urfé citizens.

Federated Appeal	\$ 5,154.50
Can.Cancer Society	\$ 2,590.50
Can.Heart Foundation	\$ 1,814.50
March of Dimes	\$ 1,130.00
S.P.C.A.	\$ 890.75
Salvation Army	\$ 2,377.00
V.O.N.	\$ 1,976.75
Unspecified	\$ <u>81.00</u> \$ 16,015.00

The pledges and any late donations (and we have been promised some) will be distributed at the end of the year when the last pledge has been redeemed. BUCCA only retains approx. 1/2% of the total collection to cover expenses such as receipt printing, mailing of Flyer and permit!

980 homes were canvassed and 666 donations received - the average donation per home amounts to \$25.32, (slightly higher than last year).

It has been a great Community effort and our sincere thanks go to 114 Canvassers, 15 Team Captains and 3 Area Chairmen who gave their time so graciously - to Town Hall for their help in producing the Flyer and loan of an adding machine - and of course to all Baie d'Urfites for their generosity. A million thanks to All in the name of those who can not speak for themselves!

SAFE BICYCLING RULES

- * Avoid busy streets whenever you can. Expressway riding is definitely out!
- * Keep your bicycle under control - no tricky steering, weaving or racing.
- * Stay on the right side of the street close to the curb. Move with traffic and watch for parked cars turning out or car doors opening suddenly.
- * Travel in single file when riding with others. Follow a full bike's length behind.
- * Steer with both hands on the handle grips except to signal when turning or stopping.
- * Ride alone and no big bundles. Another person or a large package on your bike can block your vision and throw you off balance.
- * Come to a dead stop at all stop signs, yield signs and red or amber lights.
- * Stop, look and listen before entering a street from a driveway or alley. Drivers may not see you.
- * Use your own power. Hitching on to moving vehicles is against the law and in case of a sudden stop or swerve, off the bike you'd go.
- * Do your riding in the daytime. If you must ride at night, wear something white and turn on your lights.
- * Be ready to put on the brakes at intersections. No pedal pumping as you approach.
- * Let people on foot and other vehicles go first when they are about to cross in front of you.

Mazzeo - Hauntings: Tales of the Supernatural
for older readers.

Singer - A Day of Pleasure. The author, son of a rabbi, tells of his hard, but memorable growing up years in Warsaw, Poland before and during World War I. A picture of a way of living you won't easily forget by a master storyteller.

Wolff - A Crack in the Sidewalk - Linsey Templeton, a young girl in a poor, hard-working Mid-western family, wonders what life has in store for her?. Can she ever break out of her present Life? How can she do it without hurting those she loves?. An excellent story for older girls.

Also, I Keturah by the same author, who has a keen insight into the feelings of her characters.

Hicks - The Marvelous inventions of Alvin Fernald
The fool-proof burglar alarm, a sure-shot paper slinger for delivering papers are only a few of Alvin's marvelous inventions which are further carried out in Alvin's Secret Code. Here the Magnificent Brain is involved with codes, buried treasure, sinister saboteurs and an orphanage out of funds. With some help Alvin solves all the mysteries and problems.

AHOY !

The high water in Lake St. Louis coupled with the cold spring has caused considerable delay in getting the boats into the water, and the harbour ready to receive them. The first race of the Spring Series was started on Wednesday, May 19th, but had to be called off when the wind dropped out entirely. Then on May 22nd there were a total of 20 boats on the starting line and the winners were: Pace-ship 23s - John Adams: Sharks - Dave Olive: Tanzer 22s - Harry Reath: Cygnus - Norm Hamilton:

Start 2. - Cygnus and Fireballs

Start 3. - Tanzer 16s and Wayfarers

Start 4. - Handicap.

This year a number of changes have been made in the Sailing Program in order to permit B.D.Y.C. sailors a better chance to compete in the major open events on Lake St. Louis. Unfortunately, Dave Horton is leaving having been transferred to Ottawa and Les Tait has agreed to take over as Sailing Master.

The 1971 schedule provides two series of races: the Spring Series consisting of 4 Saturday races, and 6 on Wednesday evenings: while the Summer Series includes 7 Wednesdays (providing 2 spare evenings) and 4 Saturday races.

An innovation this season is the Montreal Area Series with three races comprising the Spring Series and another three the Fall Series. In each of these six events, open races for all classes will be sailed off Beaconsfield and the last clubs and dates are as follows:

Spring Series: May 30th, Royal St. Lawrence Y.C.
 June 13th, Pointe Claire Y.C.
 June 27th, Beaconsfield Y.C.

Fall Series: Sept. 12th, Lord Reading Y.C.
 Sept. 26th, Baie d'Urfé Y.C.
 Oct. 3rd, Ile Perrot Y.C.

Other major events at the B.D.Y.C. will include:
 June 12th - Sail Past: June 13th - B.D.Y.C. at

THE JUNIOR SQUADRON

John Marchant Sr. is again guiding the Junior Squadron this year, ably assisted by Secretary Pearl Pochereva, while Evan Swan will again be the Chief Instructor and his duties will also include all sailing instruction, such as assistance to intermediate, lady and senior members.

The July course of the Junior Squadron has been completely booked, with only a few vacancies for the August course. A very active season is anticipated and B.D.Y.C. Junior crews will undoubtedly be competing in the trials to select Quebec representatives in the various C.Y.A. events for the Junior and Intermediate National Championships. Also, the S.L.V.Y.R.A. Junior Team Racing Championship will give the club's Juniors an opportunity to compete in this interesting type of racing.

There are 10 Baie d'Urfé teams entered in the new combined Beaconsfield-Kirkland-Baie d'Urfé house league set up....the Ramblers in the Midget division, the Condors and Hawks in Bantam, Eagles in Pee Wee I, Cardinals in Pee Wee II, Orioles and Alouettes in Mosquito I, Falcons in Mosquito II, Ravens in Atom I and Larks in Atom II. The first two weeks ended with 7 wins, 7 ties and 7 losses for these teams. Results of all matches are carried in the News & Chronicle. Only one team is playing under the Baie d'Urfé banner in Lake St. Louis competition this year. It is in the Pee Wee category and although made up primarily of Baie d'Urfé boys, it is augmented by boys from Beaconsfield. However, a number of our boys have 'made it' on the combined Beaconsfield-Baie d'Urfé representative teams in other categories.

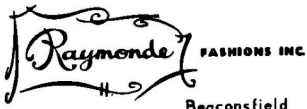

It is surprising and satisfying to see the increasing interest in soccer, a truly international sport, in the Montreal area. It is hoped that all parents will attend their boys' games, to cheer them on to victory and to show them that we care. Let's get out and support our young lads!

BADMINTON NEWS - FINAL FOR 1970 - 71

The Baie d'Urfé Badminton Club held our closing Banquet on April 30 at the Hilltop Inn in Dorion. A good turnout of 52 members and guests were there to wind up a good season.

Outgoing President Sally Rowell welcomed the members and thanked her Executive for the co-operation and hard work they executed during the season. Eileen Smith, Tournament Director gave a report on the three teams entered in the Lakeshore League during the winter. Dode Chant, who was in charge of our Junior Program gave a resumé of their progress during the year.

WHAT'S NEW WITH OUR ADVERTISERS?

TAXI!...TAXI!...GORDON STEVENS and his brother DONALD of STEVENS RADIO TAXI REG'D, Lakeshore residents for more than 25 years, took over Beaufaire Taxi in 1965 and expanded to Baie d'Urfe Shopping Plaza last Fall. Husbands please note that they are most reliable for those 6 a.m. jaunts to the airport!

Speaking of new advertisers, we would like to welcome NOVA INTERIORS to our Shopping Plaza. The attractively redecorated store, wide selection of wallpapers, paints, carpeting, etc. together with the sensitive help of such experienced decorators as TERRY CARTER should be able to help us 'Wake Up' our homes after their long winter's sleep!

Another new venture - RESTAURANT LE SURCOUF, under the management of Mr. & Mrs. J.J. Raynaud well known to many Baie d'Urfé residents, has opened in Ste. Anne's. So, Dad, for birthdays, anniversaries, tired mothers or just plain hunger for good French Cuisine, call 453-8300.

Still another new advertisers - FINA, has already become involved in our community efforts, (Lakeshore General Car Wash). Mr. Clement the proprietor, was born and brought up in Ste. Anne's and has had more than 10 yrs. experience with the former Cooper's Garage. Bonne chance M. Clement!

Here are some tips for those Summertime Work Blues. You can't face painting the house again? Call ALUMINUM SIDING REG'D, Dorion for a free estimate.....Need a hitch for boat, tent or trailer or repairs for metal patio furniture, call VAUDREUIL WELDING REGD...SANI-VAC reminds

us that it is wise to check our septic tanks every 3 years... Do you have a pollution problem due to poor soil absorption or because you live close to the waterfront? HANS GRUENWALD ENTRP has an air sanitation system that is specifically designed for home sewage disposal.

Wine lovers - imagine a sauterne, semi-sweet rosé well chilled. Is your mouth watering?. Mr. Stocker of FERMENTECH has a marvellous recipe for Rhubarb Wine. Drop in and ask him for a copy - better still, enroll in his free course for winemakers.
